16. [redacted] the Mirow area was occupied to capacity by troops who bivouacked in the woods and that the Starsow-Pestsch area had been restricted. 1 25X1
1. Comment. On 5 and 6 March, major elements of the 25th Tank Div from the Oranienburg, Frenzlau and Templin posts left for exercises in the area southeast of Mueritz Lake, which also involved units of the 6th Gds Mecc Div and/or the 71st Light Arty Brie [redacted] from Bernau. 25X1
- [redacted] unloading in Mirow of the 9 trains from Frenzlau which are believed to have passed through Neubrandenburg. The 10th shipment may be identical with shipment [redacted] which went from Oranienburg to Mirow and, according to weapons observed, may have carried elements of the 1702 AAA Regt [redacted] of the 25th Tank Div. 25X1
2. Comment. Probably one of the two shipments [redacted] which carried units of the 121st (?) AAA Regt of the 9th Gds Tank Div and, [redacted] went from Luckenwalde to Neustrelitz. 25X1
- These units had gone to Jueterbog on 2 trains on 6 March. 25X1
3. Comment. Probably retransfer of the units mentioned in [redacted] Comment 1. The information tends to indicate that the exercise developed from north to south and terminated in the area north of Neuruppin, which was confirmed by 1 train from Netzeband to Oranienburg and 1 train from Granses to Bernau [redacted] 25X1
- [redacted] According to paragraph 9 of the present report, some of the troops returned to their posts by road. 25X1
4. Comment. [redacted] a shipment of signal units of the Third Shock Army, possibly the 105th Sig Regt, which [redacted] went from Magdeburg to Rheinsberg 25X1
- [redacted] It is not impossible that this is a first indication for exercises of army units which may be scheduled to be held in the area of the Wittstock Troop training grounds.
5. Comment. Probably units of the 90th RL Regt [redacted] of the Second Gds Mech Army which [redacted] transferred from Velten to Neustrelitz 25X1
- [redacted] According to direction of departure, it is assumed that these units conducted firing practices in the Lychen-Rutenberg area.
6. Comment. For information on the loadings on 6 March, see [redacted] Comment 2. No information has been received on entraining of tanks in Neustrelitz on this date. [redacted] On 8 March, units of the 234th Mort Regt, the 495th (?) Arty Regt (US) and the 126th Gds RL Regt of the 9th Gds Tank Div were entrained and [redacted] went to Luckenwalde on 2 trains including 1 train [redacted] 25X1
7. Comment. Kratzburg and Langhagen are located east of the Speck-Granzin firing range, where firing practices may have been held on 8 March.
